

I wrote home some time ago to dvy to
give me all the particulars in the neighborhood
also at home. I would like to know how things
are selling. What is horses worth and all kinds
of stock and grain and tell me what davy
and you are doing and if either of you
like work any better than you used to
and tell me how large your family is
now and if you have gone to house
keeping yet and let me know many
horses there is on the farm and how much
stock there is of all kinds on the farm
and if little is still there and let me know
how that ? I give davy looks and if you
would like to have a good ? and
what you have to ? hands per day
